

How schools can enroll in our program for vision screening

Our goal is to have more and more schools enrolled in our program for vision screening.

At this point, we have established connections with the Hamilton-Wentworth Catholic District School Board (HWCDSB), and have provided vision screening to children in 5 schools in Dundas. For the upcoming school year, we are excited to expand our reach to five more schools in the Ancaster area.

We aim to continue to spread our vision screening program into more schools, and thus provide vision screening to a greater number of children.
